

# PRODUCTIVITY SOLUTIONS

## CONVEYORS, QUICK-SHIP, AND PRODUCTIVITY SOLUTIONS

Conveyor solutions that build efficiencies and boost productivity

# IMPROVING YOUR PRODUCTIVITY & EFFICIENCY

We are your dedicated partner from conveyor project concept to completion, offering a seasoned team of experts with decades of industry expertise.

We design, fabricate and assemble tailored conveyor solutions across various industries, from material handling to automotive and e-commerce distribution. Whether you seek a simple gravity conveyor or a bespoke automated solution, we've got you covered.

Streamline production and reduce downtime with quick-ship conveyor solutions from our online store. For custom projects, call us to speak to a live sales specialist. As a leading integrator, we provide a comprehensive range featuring top manufacturers such as Daifuku/Jervis Webb, Qimarox, Interroll, Itoh Denki, Portec, and more, making Ultimation your ultimate one-stop shop.

“

**ULTIMATION ABSOLUTELY EXCEEDS  
EXPECTATIONS FOR SERVICE.”**

**By partnering with Ultimation, you enjoy:**

## ONLINE STORE

Get your conveyor system fast! Explore our online store, your all-in-one destination for diverse conveyor options. From advanced chain-driven live roller conveyors to cost-effective 24V motorized roller systems, experience unmatched delivery speed.

## DESIGN

Our experienced engineers offer tailored design expertise, shaping conveyor systems to your specifications. Whether it's sleek vertical farming technology or robust pallet conveyors, we ensure your vision becomes a perfectly designed reality.

## CUSTOM PROJECTS

Unique project specifications often demand a customized conveyor solution, and that's where our specialists come in. Our team designs custom systems to precisely fit your specific needs, offering “outside the box” solutions for your perfect conveyor.

# ULTIMATION HAS THE EXPERTISE TO KEEP YOU MOVING EFFICIENTLY

## OUR PRODUCTIVITY SOLUTIONS

### We offer a comprehensive range of conveyor and material handling solutions

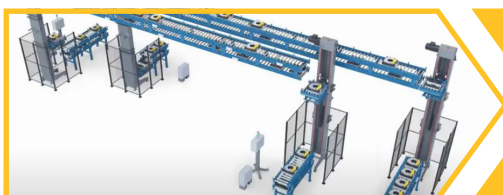

#### Floor Conveyors

Customizable and adaptable belt, gravity, MDR, and CDLR conveyors for projects of all sizes.

#### Overhead Conveyors

Fully configurable hand-push or motorized conveyors that maximize productivity.

#### Vertical Lifters

From pallet lifts to continuous vertical conveyors, we have you covered.

#### Automated Delivery Systems

Engineered-to-order systems you can test drive digitally before purchasing.

Our customers rely on us for more than productivity and automation solutions. We also bring unrivaled expertise and continuous innovation to the marketplace.

#### Our people

- » Over 30 years of experience designing and building conveyor and automation technologies
- » Best in the business mechanical, electrical and control engineers ensure cutting-edge solutions
- » Support diverse industries in US, Latin America, and South America

#### Our inventory

- » High-quality systems and components at the best price
- » Wide variety of in-stock solutions for any application
- » Ready-to-ship; minimizing your downtime

#### Our commitment

- » Every phone call is answered by a live sales specialist
- » Top-quality material handling equipment
- » Comprehensive online store featuring hundreds of quick-ship products

# QUICK-SHIP PRODUCT RANGE

## Gravity Conveyor Systems

Low-maintenance gravity roller systems that are simple, safe and sustainable for any industry.

## Motorized Roller Conveyor Systems

Low-voltage, energy-efficient modular motorized conveyor systems.

## Belt Conveyor Systems

Fully customizable belt conveyors tailored to handle any material handling application.

## Overhead Conveyors

Monorail systems, power and free systems, or enclosed track systems, tailored to meet your project specifications.

## Beam Trolleys

Affordable conveyor systems that use vertical space to move products, excellent for a wide variety of applications.

## Accessories & Spare Parts

Our Online Store is your one-stop-shop for conveyor accessories and spare parts.

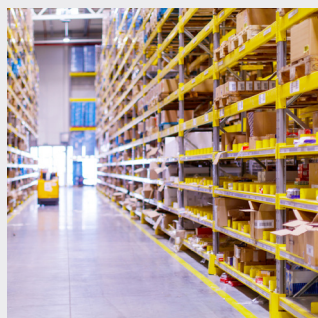

## Our turnkey projects cover diverse industries:

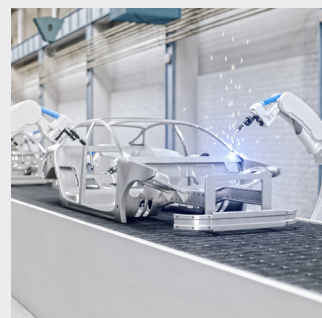

AUTOMOTIVE

INDOOR FARMING

DISTRIBUTION

MANUFACTURING

# **CUSTOM MATERIAL HANDLING SOLUTIONS TO FIT ANY SPECIFICATION**

At Ultimotion, we pride ourselves on delivering cutting-edge custom material handling solutions tailored to your needs. As industry leaders, we provide engineered-to-order systems that cater to diverse sectors, including automotive, indoor farming, distribution, and manufacturing.

What sets us apart is our experience and innovative approach—we allow you to test drive our solutions digitally before making a purchase. Specializing in material handling, floor conveyors, overhead conveyors, and custom automation, our engineers are ready to take on any challenge.

We thrive on tackling unique projects and ensuring that your operations benefit from our expertise and advanced solutions.

**ULTIMATION IS A TRUSTED MATERIAL HANDLING PARTNER WITH A REPUTATION FOR EXCELLENT COMMUNICATION, SERVICE AND ON-TIME DELIVERY.”**

## **We bring your project to life.**

### **VIRTUAL PROVE OUT**

Our vast experience with industry-leading CAD software, finite element analysis, simulation studies, and much more allows us to prove out your projects' needs before producing a single part.

### **DIGITAL DESIGN**

We'll turn your project aspirations and ideas into a comprehensive digital design, giving you the confidence you need to assure our designs will work for your needs.

### **INNOVATION**

Our highly skilled engineers, project managers and sales associates take pride in solving complex challenges with innovative solutions.

## OUR PROMISE TO YOU

Every product and solution we offer is designed to meet your specific needs and unique circumstances.

We deliver products and parts with rapid, reliable service and unwavering support as you pursue your most desirable outcomes. From specification through project completion, we dependably deliver what, when, and where it is needed—to ensure your success.
